It is expected that a large crowd will be on hand to witness the launching, many of the officials of the company and a large number of invited guests.

WITHDRAWAL OF LABOR

Failure of the Original Purpose is Announced by Chairman Lane

Labor's secession from the Industrial Conference resulted yesterday in its formal dissolution by Chairman Lane. At the request of the President the public group will undertake to evolve machinery to effect industrial peace.

The employer group disbanded on being informed by Chairman Lane that the President desired the nature of the conference to be changed and that the work be carried on by the public group because "the burden of these quarrels that exist in industry falls ultimately upon the public."

The reply of President Gompers of the labor group as to whether it would make any concessions or go back into the conference was:

"We have withdrawn until the conditions are changed. That ends it so far as we are concerned. We are not jumping jacks. We are not only responsible as citizens but responsible to millions of workers."

President Gompers also said that his information was that the employers group voted against the last stand resolution by labor on collective bargaining by a majority of one. Other members of the conference said yesterday that the vote against the resolution on which labor based its break was nine to six.

WAR ACTIVITIES

Work Done Here For Soldiers Appreciated

An extract from the history of Co. D. 23rd Engineers written by Sergeant W. H. Hume which appeared in "Their work at Belvoir," was incorporated in the report of work done by the Second Presbyterian Church for the soldiers submitted by Miss Cora Cochran, who with the other ladies of the church, did faithful work among the soldiers, sailors and marines.

These extract will be of local interest to the entire community. It says: "Griefs there were surely, but there were also pleasures and the old adage that "It's an ill wind that blows no good," was justified. The camp was without bathing facilities but the people of Alexandria, through their Red Cross Canteen workers, invited the boys to Alexandria homes and gave them the use of their bath rooms. From 20 to 40 could be accommodated each evening and to determine who should be first to go, competitive drills were inaugurated. The squads winning first and second places were sent with cooks and sergeants to fill the quota.

They were received at the Westminster Building where hot showers were ready for the overflow and sent by Boy Scouts to the different residences, returning to the Westminster Building for tasty refreshments before the start to camp. Through these associations, acquaintances were formed which resulted in invitations to dinners, parties and finally the Alexandria Co. D ball. And right here D Co. desires to thank the people of Alexandria for their kindness and hospitality to its members.

For long years to come in every State of the Union there will be some one who will hold a warm place in his heart for these people, who did so much to make life a little more pleasant."

NO "HUN" OPERA

Managers Say None Will be Booked This Year in View of New York Difficulties

Washington theatrical managers will taboo German opera!

They are agreed there will be none booked this season.

German music is beautiful all agree, and it is heard daily in many places here, but the average listener knows not whether it be Teutonic or what not. Should it be advertised, maybe things would be different.

Anyway, the Lexington Theater in New York City, is having a tough time putting over "Zar Und Zimmerman," produced by the Star Opera Company.

MARTIN GROWS BETTER

Rally Following Prolonged Sinking Spell is Well Sustained

Charlottesville, Va., Oct. 24.—Senator Thomas S. Martin's condition last night showed marked improvement following a good day. At 4 o'clock Wednesday afternoon he suffered an attack, which left him near collapse. His condition remained critical until after midnight when there was a decided change for the better. He continued to rally throughout the morning and by noon his faculties became normal. His friends regard his spell as one of the variations of his illness and assert that it is not necessarily alarming.

Representative and Mrs. Hal Flood, on their way to their home in Appomattox for the week end, called to see Mr. Martin yesterday afternoon. They were accompanied by Senator Claude A. Swanson, who availed himself of this, his first, opportunity to visit the senator since his wife's illness from influenza.

John S. Martin, of Fair View, the old home, near Scottsville, is at his brother's bedside, as is Frank J. Merklin, the senator's private secretary.

AGAIN IN GROCERY BUSINESS.

Frank B. Howard Buys Alexandria Cash Grocery

Frank B. Howard, of this city, has purchased the business of the Alexandria Cash Grocery Company at the southwest corner of King and Washington streets, as will be seen by his advertisement to be found elsewhere in this paper.

His system will be "Cash and Carry." Mr. Howard proposes to sell his goods at a reasonable profit and give the consumer the benefit of the cash system by low prices.

Mr. Howard formerly was engaged in the grocery business at 822 King street, but disposed of his business in order to respond to the call to the colors. Give him a trial of your wish to help reduce H. C. L.

RESERVATIONS IN SENATE

Interpretations of Peace Pact Will be Reported by Committee Today

The program of reservations on the peace treaty was finally agreed upn by the Senate Foreign Relations Committee yesterday. Senator Lodge will report the ratifying resolution containing the reservations to the Senate today.

The committee adopted one new reservation, which was proposed by Senator Shields, Democrat, of Tennessee, authorizing Chairman Lodge to draft another, which was proposed by Senator Reed, Democrat, of Missouri, and combined No. XI with No. IV., as agreed upon yesterday with No. IV., as agreed upon yesterday.

Thus the committee reservations will number fourteen. Some members of the committee found an element of humor in the fact that the number of reservations is the same as President Wilson's famous fourteen points.

The Republican leaders assert they have the votes necessary to put all the fourteen reservations through and mak them binding upon the other powers before America's acceptance of the treaty becomes an actuality.

All doubt as to the possibility of putting through the "preamble" of the reservations, which requires acceptance of the reservations by at least three of the other powers, was ended when Senator Lodge announced after the committee meeting that he can count upon the votes of six Democratic Senators and will not lose more than two votes among the Republicans, Senators McCumber of North Dakota, and Nelson, of Minnesota, it is understood, will vote against the preamble. The six Democratic votes, however, will give a net total for the preamble of 53 votes, a majority of four votes.

FITZGERALD IS UNSEATED

Votes of Three Precincts in Boston Are Thrown Out by Elections Committee

Washington, Oct. 24.—Without a record vote the House late yesterday unseated Representative John F. Fitzgerald, former Mayor of Boston, and seated former Representative Peter F. Tague. Both are Democrats.

By its final action the House accepted the report of a majority of its Elections Committee, which threw out the vote in three precincts in Boston on the ground of fraud. The House refused to order a new election as requested by Mr. Fitzgerald.

Representative Goodall, Republican, Maine, in urging the adoption of the report, said that for the House to sustain the committee would have the effect of serving notice on political bosses that they could not overide Congress by "illegal actions" at an election. Martin Lomasney, of Boston was named by Mr. Goodall as the "political boss" whose support gave the election to Mr. Fitzgerald.

CHEST OF SILVER TO BE GIVEN CARLIN

Former Congressman Will Be Honored By Citizens

MR. PALMER TO SPEAK

Attorney General's Address Under Auspices of Cameron Club—Big Demand For Tickets.

Since the announcement by the ladies of the Cameron Club that Attorney General A. Mitchell Palmer will address them at Elks Hall on Monday night next, the demand for tickets has been very great, and now that it is known that on the same occasion, the chest of silver and gold watch which have been purchased by contribution of the citizens of Alexandria is to be presented to Hon. C. C. Carlin, a renewed interest is manifest, and an increased demand for tickets is the result.

The Cameron Club is being being besieged. Those asking for tickets first are the first to receive but as the hall is limited to a seating capacity of 400, tickets will, of course, have to be limited to that extent.

It is understood that Judge Samuel G. Brent will make the presentation address on behalf of the city of Alexandria.

The subject to be selected by the Attorney General will probably be current events. This, howoever, will be announced later.

All those who contributed to the gift of silver will be furnished with tickets. If there should be any omission a simple statement at door will admit party without tickets.

NEGRESS, 105, DEAD

Aged Colored Woman of Virginia 80 Years in One Family

Lynchburg, Va., Oct. 24.—"Aunt" Lettie Eliza Johnson, a colored woman of the old regime, who was was known to have been 105 years of age, is dead at the home of C. S. Hutter in Campbell county. For 80 years she had been a cook in the Hutter family.

Mr. Hutter now possesses a bill made by the negress in 1830, which shows that she was old enough then to contract an account. She is thought to have been the oldest resident of this section of the State.

ANOTHER DEADLOCK

Neither Side Will Give in Say Leaders—Wilson Remains Hopeful

After failing to reach an agreement, representatives of the miners and operators adjourned last evening to consider overnight a new proposition made by Secretary of Labor Wilson to forestall the coal strike which has been called to begin November 1.

Secretary Wilson's proposal is that the industrial antagonists go into a free conference on matters in dispute. He said last night:

"The representatives of the operators and the miners are now considering a proposition suggested by me to go into conference without reservations, having in mind the interests of their respective groups. The miners are willing to do that. The operators are willing if the strike order be withdrawn."

The statement of President John L. Lewis, of the United Mine Workers, after the day's session, was: "The strike order stands." That of Thomas T. Brewster, chairman of the coal operators' representatives. was: "We stand exactly where we stood at the beginning of the conference."

GOBLINS COMNG

Prepare for Halloween Next Friday Children Will Have Enjoyable Time

The goblins'll get you if you don't watch out; for there will be Jack o' Lanterns a plenty in Alexandria on Hallowe'en Day, if the youngsters want them.

Maryland and Virginia farmers are shipping large quantities of pumpkins into the markets, and little Willie may get all the Jack o' Lantern material he desires for 25 cents apiece. Of course, mother will want the pumpkin pulp for pies, but that will not feaze little Willie one bit.

However, the old-fashioned home-made Jack o' Lanterns are becoming unpopular with the children, and papier mache goblins of all sorts are being sold at the novelty stores. Time was when the boys filled an old sock with flour and pelted passersby white dust over their clothing, but the dignified Alexandria boys have abandoned that trick.

H. C. L. HITS CITY JUDGES

Unless Danville Raises Salaries, Benches Will be Empty.

Danville, Va., Oct. 24.—The high cost of living has entered a new sphere, and unless the city authorities increase the compensation of the clerks and judges in the coming election there will not be any. When David P. Garvin, secretary of the city Electoral Board, began marshaling his forces for the election he found that only a handful of the 30 officials necessary in the six voting precincts were willing to serve for the time honored compensation of $3 a day. Members of the City Council have tacitly agreed to vote for an increase of $1.50 when the matter is presented at the next regular session.

TEAMSTERS GO BACK

Strike Called off After Conference With Hines

New York, Oct. 24.—Members of the International Union of Teamsters, Chauffeurs and Helpers, whose strike 10 days ago resulted in a complete tie up in express service here, returned to work yesterday.

Decision to call the strike off was reached at a meeting late Wednesday after a committee which had visited Washington reported that Walker D. Hines, United States Railroad Director, had warned them that unless the strike were terminated he would send troops to New York to replace the strikers.

Mr. Hines has promised the men that he would seek to have the Wage Adjustment Board return a decision on their demands by November 4. It was the failure of the board to act as quickly as the men thought it should that led them to strike.

Washington, Oct. 24.—Director General Hines yesterday denied published reports that he had threatened to have troops sent to New York to take the place of express strikers.

"This report is entirely without foundation and to avoid a misunderstanding I desire to deny it immediately," Mr. Hines said. "There never was any mention of the use of troops."

The meeting will be in the interest of the order and prominent members are expected to be present and make addresses. A musical program will be given.

Among the speakers scheduled to make addresses are Representative O'Conner, Louisiana; P. J. Colin, P. J. Haltigan, and P. T Moran, all of Washington.

The Hibernians extend an invitation to all interested in its organization to attend the meeting and hear these speakers and also enjoy the musical program.

SPLIT ON CARRIER BILL

House and Senate at Odds on Strike Clause and Return Measures

Radical differences between the House and Senate measures for solving the railroad problem became apparent yesterday, when it was learned that the subcommittee's draft of the House bill, practically complete, does not contain any anti-strike legislation, nor guaranty of a fixed return for the rail lines.

In brief, the House measure will largely follow the proposals of Chairman Esch, of the Interstate Commerce Committee, which provides for enlargement of the powers of the Interstate Commerce Commission. The Senate bill centers about the formation of a transportation board, for which no provision has yet been included in the House draft. Indications are that none will be written into the measure.

While the Senate will forbid strikes, the House bill will set up a board of arbitaration, which, although lacking the foce of strike prohibition, will contain some powers for enforcing decrees relative to ordinary disputes of wages and working conditions.

Before the House railroad legislation is presented on the floor, however, the full membership of the Interstate Commerce Committee will be compelled to place its disapproval on the anti-strike legislation, for it is known that such a proposal will be offered when the subcommittee completes its draft within the next few days and submits it to the full committee.

HAS EXCELLENT DAY

President Satisfactorily Maintains Improvements Recently Made

The following bulletin on the President's condition was announced at 10:20 o'clock last night:

"The President is satisfactorily maintaining the improvement which he has recently made."

"The President is making as satisfactory progress as is possible in the circumstances," said a statement issued yesterday at noon by Drs. Grayson, Ruffin and Stitt. "No new symptoms have developed."

Rear Admiral Grayson made plain that the increased activity of the President was not indicative of any decided improvement in this condition. He expressed the opinion also that withholding important questions from him probably would be more harmful than allowing him to consider them.

KILLED BY BASEBALL

SUGAR SHIP IN NORFOLK

Captains Say Cuba is Glutted With Product

Norfolk, Va., Oct. 24.—Short of fuel and supplies, the American steamer Lake Disha put into Hampton Roads with a cargo of sugar. She had over 3,000 bags of the precious cargo aboard.

A number of ship captains who have recently been in Cuba and the West Indies express surprise at the sugar shortage in this country, stating that never before have they seen so much sugar in the West Indies. They declare that Cuba is so full of sugar that school buildings are being used to store it.

IN MEMORIAM

To the memory of my beloved father, who departed this life five years ago today, October 24. 1914.

"Out in life's garden, where sympathy grew,
God planted a soul—'twas the soul of you;
Life's wonderful garden, love—seeking went through,
Till he found a heart—'twas the heart of you.
I have sought through life's garden of roses and rue,
And I found one sweet blossom all jeweled with dew,
Love, sympathy, faith—all unchanging and true,
Was the heart of my flower! dear father, was You."

His devoted daughter,
254-1p. Frances E. Hohenstein.

In loving memory of my dear son, William J. Hunt, who entered into rest one year ago today, October 24, 1918.

I often sit and think of you,
When I am all alone,
For memory is the only thing
That grief can call its own.

THE LAW'S DELAYS

The Supreme Court of the District of Columbia needs another judge to expedite criminal matters, declared Superintendent of Police Pullman, who yesterday submitted to the District commissioners a report on "Court Congestion." He urges the adoption of a system similar to the plan followed in England where prisoners are quickly arraigned and tried.

"Bleak House," thought by many to be Dicken's chef d,ouvre, was aimed at the snail pace of the English chancery courts. The book placed live coals upon the backs of those wearing wigs and gowns, which has kept them crawling ever since.

Much, it is believed, could be done towards accelerating the disposal of most criminal cases.

THE NAKED ISSUE

The labor delegates have walked out of the Industrial Conference following the rejection of what proved to be their ultimatum. This ultimatum was the recognition of the labor unions.

"Stripped right down to its back bone," as a contemporary puts it, "the whole issue is purely this:

"Industry says, we believe in collective bargaining. We will meet committees of our own men at any time on all subjects, but we will not be dictated to by outside persons. Our men may or may not join unions, but in bargaining we cannot recognize representatives of unions who are not among our own employees.

"Union labor says: Industry must agree to bargain, not with its own men, but with officers of the unions, regardless of whence they come or who they may be.

"It is a principle, therefore, which is at stake. Back of the steel strike, which is now a virtual failure, there is nothing what ever but this principle."

RUPPRECHT OF BAVARIA

Rupprecht, of Bavaria, is described as "furious" because he is numbered among those wanted by the Allies for crimes against international law. This state of mind is not unusual with him. According to all accounts, he is an excellent specimen of the German at his worst. His brutal treatment of his wife revealed his character before the war began. That he sanctioned atrocities among his soldiers should surprise no one. The fury spared neither women nor children would naturally appeal to him.

The specific offense which he is charged is that of being the first army commander to use poison gas. Many opposed this new form of brutality, it is said, but Rupprecht carried his point. Having done so, he should not shrink from full responsibility for the consequences. If he believes that the new weapon is perfectly legitimate, he should be willing to come into court and say so. But most men who are "furious" in Rupprecht's fashion, whose rage is most easily aroused against the weak and defenseless, have very little courage when it comes to the test.

Due punishment for the former Crown Prince of Bavaria would be a salutary object lesson. But even an international tribunal might have some difficulty in making the punishment fit the crime.—(Philadelphia Inquirer.

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

UP AND ABOUT AGAIN

"I was sick in bed with kidney trouble," writes C. F. Reynolds, Elmira, N. Y., "and my back ached so severely I could not get up. I commenced taking Foley idney Pills and in a few days was out of bed. Keeping up the treatment, I was able to go to work. Since then I have had no more backaches and no other trouble with my kidneys." Foley Kidney Pills stop sleep-disturbing bladder ailments and relieve rheumatic pains, sore muscles and swollen joints.

Strike out from the Constitution of Virginia section thirty-two, which is in the following words:

Sec. 32. Every person qualified to vote shall be eligible to any office of the State, or of any county, city, town or other subdivision of the State wherein he resides, except as otherwise provided in this Constitution, and except that this provision as to residence shall not apply to any office elective by the people where the law provides otherwise. Men and women eighteen years of age shall be eligible to the office of notary public, and qualified to execute the bonds required of them in that capacity.

And insert in lieu thereof the following:

Sec. 32. Every person qualified to vote shall be eligible to any office of the State, or of any county, city, town or other subdivision of the State, wherein he resides, except as otherwise provided in this Constitution, and except that this provision as to residence shall not apply to any office elective by the people where the law provides otherwise; and except, further, that the requirements of this section as to residence and voting qualifications shall not apply in the appointment of persons to fill positions under a municipal government requiring special technical or professional training and experience. Men and women eighteen years of age shall be eligible to the office of notary public and qualified to execute the bonds required of them in that capacity.

The general assembly may, in its discretion provide for the compulsory education of children between the ages of eight and twelve years, except such as are weak in body or mind, or can read and write, or are attending private schools, or are excused for cause by the district school trustees.

And insert in lieu thereof the following:

Section 138. The general assembly may, in its discretion, provide for the compulsory education of children of school age.

A RESOLUTION proposing amendment to section 117 of article 8 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next general assembly.

Resolved by the senate and the house of delegates (a majority of the members elected to each house agreeing thereto), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed and referred to the general assembly to be chosen at the next general election of senators and members of the house of delegates, for its concurrence, in conformity to the provisions of section one hundred and ninety-six of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act, (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to and unaffected by any of the provisions of this article, except sections one hundred and twenty-four, one hundred and twenty-five, (except so far as the provisions of section one hundred and twenty-five renounce the office of mayor and the power of veto) one hundred and twenty-six, one hundred and twenty-seven and one hundred and twenty-eight of this Constitution, and those mentioned in subsection (a) of this section. The form of government in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances, orders and resolutions adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing amendment to section 133 of article 9 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (the majority of the members elected to each house agreeing thereto), That the following amendment to section one hundred and thirty-three, article nine, of the Constitution of Virginia, be and is hereby, proposed and referred to the general assembly at the first regular session held after the next general election of members of the house of delegates for its concurrence in conformity with the provisions of section one hundred and ninety-six, of article fifteen of said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-three of article nine, which is in the following words:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be three trustees selected, in the manner and for the term of office prescribed by law.

And insert in lieu thereof the following:

Section 133. Each magisterial district shall constitute a separate school district, unless otherwise provided by law. In each school district there shall be not more than three trustees selected, in the manner and for the term of office prescribed by law.

Men and women may serve as school trustees in said districts, and in cities and in towns forming separate school districts.

A RESOLUTION proposing amendment to section 134 of the Constitution of Virginia.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing) That the following amendment to the Constitution of Virginia be, and the same is hereby proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen, of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and eighty-four, which is in the following words:

And insert in lieu thereof the following:

The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

LIEUT. DANIEL H. RUCKER

Government

Thanks Local Engineer for Part in War

WAR DEPARTMENT
Office of the Chief of Engineers
Washington

Lieut. Daniel H. Rucker, Engrs.,
Clarendon, Va.

Sir:

1. The demobilization of the army having made further sacrifice on your part unnecessary, I wish to convey to you my appreciation of your efforts in behalf of your country during the recent emergency. The Engineers of the United States have by their patriotic and self-sacrificing conduct well merited greater thanks and appreciation than it is possible for me or any other one man to give them. I am sure, however, that when it is possible to relate in full the efforts and accomplishments of American Engineers, both overseas and in this country, that the people of the United States will show appreciation of their efforts in no uncertain terms.

2. That you have been one of these Engineers and have contributed your part toward this successful accomplishment constitutes in itself an honor greater than any official expression of opinion. Permit me, however, to extend to you my personal thanks and those of the Corps of Engineers for your efforts and assistance.

Very respectfully,
W. M. BLACK,
Major General, Chief of Engineers.

Lieut. Rucker has done his "bit" toward making the world safe for democracy, as the above letter shows. He is now making a bid for your patronage—carrying out the same principles of fair dealing that earned him this personal letter from the Chief of Engineers. The Alexandria Lumber Co., is in business to serve the public and a personal visit to our plant will prove this. You are sure of a hearty welcome.

Changes Hands

Frank B. Howard

Well known local groceryman, the purchaser.

Having purchased the stock and good will of the Alexandria Cash Grocery Co., S. W. corner King and Washington streets (Brawner and Bros. old stand) I beg to announce to the Citizens of Alexandria that I will continue said business under present system, viz: Cash and Carry.

This system enables the housekeeper to reduce the high cost of living. The cash system means that the dealer selling for cash, also buys for cash, which enables him to buy cheaper and take the advantage of all cash discounts.

The carry system means a saving in expense to the dealer of one hundred and fifty dollars per month, which is quite an item, and the saving in these expenses I will give to the public by reducing prices accordingly. I will carry a complete line of the purest food products and the freshest fruits and vegetables.

I was formerly in business at 822 King street until called in the army, March 29, 1918, I was born and reared in Alexandria, educated in the public schools of Alexandria and I ask your help in making my business a success, and ask for a share of your patronage, and hope to see all my old customers and a store full of new ones.

Provisions for housing from 500 to 1,000 skilled mechanics whose services will be needed for the successful operation of the naval torpedo plant, now rapidly nearing completion here, must be made in the near future, Rear Admiral Ralph Earle, chief of the bureau of ordnance, told a committee of the Alexandria Chamber of Commerce who called on him at the Navy Department on Monday, and as a consequence, it is expected that a meeting of business men will be called in the next few days for the purpose of acting upon Admiral Earle's suggestion. The committee, composed of M. B. Harlow, and W. Albert Smoot, was accompanied by Capt. William S. Miller, U. S. N., who is in charge of the torpedo station here. Admiral Earle told the committee that 80 per cent of the employes at the torpedo plant would be skilled mechanics who would in all probability become permanent residents of Alexandria. It is stated that about 100 persons are now employed at the plant and the force will be increased at the rate of about 100 a month for the next several months.

Belgian Royalty Visits Steel District at Pittsburgh—Win a Hearty Welcome

Pittsburgh, Oct. 24.—King Albert, fighting monarch of the Belgians, accompanied by Queen Elizabeth and Prince Leopold and a score of diplomatic representatives, were guests of the "workshop of the world" today.

One of the most enthusiastic receptions ever accorded a distinguished visitor to this city was given the royal party along their route from the station to the hotel.

When the royal special rolled in to the station, Governor and Mrs. Sproul and Mayor and Mrs. Babcock welcomed the party.

After an exchange of greetings the party was escorted to Memorial Hall, where an honorary degree of the University of Pittsburgh was conferred on King Albert.

"Gets-It" Peels Off Corns Painlessly

Off They Come Like Banana Skin 2 or 3 Drops, That's All.

There's a murderous, painful way to get rid of corns, and then there is the peaceful, glorious "peel-it-off" "Gets-it" way. After you have tried "Gets-It" you will say "never

again" to all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 2 or 3 seconds. It dries immediately. "Gets-It" does the rest, without bandages, plasters, blood-bringing knives or razors. Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It." It never fails.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Sold in Alexandria and recommended as the world's best corn remedy by RICHARD GIBSON, FRANK WARFIELD.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c.

She tells you what you have done and what you are doing now and what you are going to do. All told without asking a single question. She has helped others, why not you?

No matter what may be your ambition, hope or fears, she guarantees to help you. Are you in trouble? Do you find the one you have bestowed your trust and affection upon acting cool and indifferent toward you? She will remove all obstacles and tell how to win and hold the one you desire. She guarantees satisfaction or no charge.
